2008 Sandburg Cross Country Team—

The 2008 Cross Country season will always be a year that I look back on with many ups and downs. While we achieved so much, there were also many setbacks along the way. But I think that the 2008 Sandburg Cross Country team will be defined by the way it responded to setbacks rather than the setbacks themselves.

From the outset of this journey I asked everyone to focus on the process of achieving our goals, rather than the actual goal. Looking back on the season, the process should also be our focus. Some of us achieved our individual goals, while others did not, but everyone dedicated themselves to becoming their best. This is what is most important. As I have said many times before, while you might forget your times from races you won't forget the times you've had. You will not forget what it means to set a goal and do everything in your power to achieve it. You won't forget that when a setback nears to respond with perseverance and belief. You won't forget what it means to be and have a teammate. It's funny because the greatest lessons we've learned are the greatest paradoxes of life. What you might initially expect is not what you ultimately realize. There is the paradox of leadership: that to be a great leader the focus cannot be on yourself, but on those who you are encouraging. The paradox of the difficulty of the sport: that the reason we do the sport is not because it is easy, but because it is hard. The paradox of challenges: that external challenges are ultimately about internal battles. The true battle in this life does not come from how many miles you run or the height you reach, but what the struggle to find strength within yourself. And finally, the perhaps the greatest paradox of all: that the only way you will feel whole is by giving part of yourself to others. These lessons are initially not obvious, and that is what makes them so profound. Ultimately, the final outcome is not as important as what is learned along the way.

While we reflect, it is important for us to acknowledge the seniors who are leaving Sandburg cross country behind tonight. Four year seniors **Zach Dahleen, Pat DeMatteo, Elliot Hevel, Kyle McNicholas, Ben Pavur, and Adam Pronoitis**, and seniors **Matt Kujawa, Pat Murphy, Dennis O'Flaherty, and Mike Woods** leave behind a legacy and an obligation. Their legacy is one of hard work, dedication and perseverance. The obligation is that the rest of the team now must pick up where they left off and take the team to the next level.

To the seniors: I will miss you tremendously. You have made my job so enjoyable and worth all of the time and effort. You are such a talented and dedicated group that I know you have endless possibilities in the future. I hope that you continue to run and continue to be a Sandburg Cross Country runner. Always come back and visit, write letters, and keep in touch. The team still needs you. Thank you for all that you've done and all that you are.

To the rest of the team I say this with great urgency and sincerity: we have a lot of work to do. There are many things that we need to improve on as a team, including the team work ethic, dedication, level of seriousness, and in some cases sportsmanship. There is nothing more serious for this team than your job to live up to the standards of the Sandburg tradition. That tradition does not just mean excelling and being competitive. The tradition is really about the way you carry yourself. It means the way you approach the day, everyday. It means caring and decency. I challenge you all to step up and be leaders, be classy, be hard working, and be competitive at any level.

Thank you for making 2008 another great year in Sandburg cross country. Thanks for the great memories, for your dedication, and for your enthusiasm. I hope that you approach all aspects of your life the way you approach cross country.

—Coach O'Malley

Mid-80's, calm, sunny, hot

COACH'S COMMENTS:

Wow, what a great day! I am so impressed with our team. We made two big statements on Saturday: 1. We are quite possibly the best team in Sandburg history 2. We are a team full of enthusiasm, pride, competitiveness, and unity. I thought the times that we posted were some of the most impressive that I've seen. Our varsity is clearly a powerhouse this year. Those times are really competitive. It certainly will be interesting to see how much faster we run at Regionals. The F/S runners also proved to be much more competitive than I originally expected. Kevin O'Flaherty and Jimmy Pannozo stepped up and ran two of the best freshmen times we've had in a while. I was also really impressed with Mike Sawyers who blasted a 18:46, which is a fantastic time for a freshman. There is no question that those three along with several of our other freshmen will do some serious damage at Lyons in the all-freshmen race next Saturday. We will need a fifth guy to step up behind O'Flaherty, Jimmy, Sawyers, and Colinator in order to win the title. Mike Tortorelli really proved that hard work pays off by dropping a minute and a half from his time last year. Cups Guzinski dropped over 5 and half minutes from his time last year!! Even though Mike Brower hasn't been feeling his best, he still posted a time 1:40 faster than '07. Mark "Single D" O'scai also ran a quick time and looked really strong. Pat Murphy ran over four minutes faster than last year!! Matt Piper also had one of the more impressive race of the day, running five minutes faster than last year. He will certainly be a key for us on the sophomore level this year in our defense of the SWSC title.

We have Lyons Invite coming up this week and this is a great opportunity for all levels of competition. We have an all-freshmen race that should give the freshmen a great feel for how they stack up against other freshmen in the area. The sophomore race is always competitive and the varsity race features several great teams and individuals. The open race will have the Lyons open team, which is traditionally one of the better open teams around. We should be pushed in every race and it is time to step up to the challenge. As far as race strategy and what we will be working on Saturday: 1. One of our focuses this year will be to run hard beyond the mile mark. The mile mark is such a mental resting point for so many high schoolers that I want you get in the habit of running through the mile mark hard and putting in a good 45-60 second push. I want to see your third half mile segment be one of the best. 2. We need to finish races better than anyone else. It is a matter of pure guts. I want to see guys putting in a move before the fence turn with a quarter to go and pushing to the finish. No one should be passed in the final half mile. One thing that the time trial race taught us is that one or two places can literally mean the difference between fourth and first!

TIDBITS:

»Be sure to turn in racing short money if you haven't already. \$16.00. »Take care of your warmup gear.
»The stuff that we order this week will take about 2-3 weeks to come in. » Freshmen and sophomores will be working the Football game on Friday night selling programs. This is mandatory. »Do NOT ask me for your time or place right away. Your race is not done until everyone has finished. »Be sure to take care of your Support Squad duties. You will be tested.

THANK YOU TO THE PARENTS FOR THE WONDERFUL BARBEQUE ON SATURDAY!!!

WHAT'S NEXT:

Lyons Invite is our first invite this Saturday. All freshmen will be in the freshmen race (2 miles), all sophomores will be in the sophomore race (3 miles), and every junior/senior not in the varsity race will run the open race. Our varsity top seven is: Dahleen, Meyer, Hevel, McNicholas, D. O'Flaherty, Koutavas, Burch.

NEWS AND NOTES

RUNNERS OF THE WEEK: Mike Tortorelli, Chris Koutavas

Lyons Invitational
Saturday, Sept. 6, 2008
mid-70's, sunny, calm, wet

COACH'S COMMENTS:

The first race of the season is always an exciting day. Mike Brower and the open runners got the ball rolling for us. Brower ran a spectacular race after having some setbacks recently and he is really coming on strong now. Ryan Sawyers had the look in his eyes that I am always looking for in runners. I always talk about it and it is for real: it is a hunger that is visible. He was on the offensive the entire race, moving up and never settling. This is how we need to race collectively. Thomas Kohs also had a great race, especially considering it is his first high school cross country race and he finished 12th. His was definitely one of the races of the day. The varsity ran well against some of the top schools and runners in the state. Zach Dahleen ran a solid race and Elliot Hevel really stepped up and moved through the mile marker. If you look at his splits, you'll notice that although it looks and feels like he was speeding up after the mile, eh wasn't. He was merely not slowing down. This is an important lesson. If you want to avoid the slow down after the mile you have to *consciously* feel like you are picking up the pace. This is staying on top of your race and running offensively. This is how we should run. The freshmen were champions in their race and Kevin O'Flaherty and Jimmy Panozzo really looked strong up front for us, placing 2nd and fifth in really good times. Michael Sawyers also had another great race. The freshmen should realize that they are capable of doing great things in the future if they are willing to outwork the other teams out there. Finally the sophomores closed out the day with a great battle. They ran tough and competed hard, falling just short of first place. We placed five runners in the top 14, including Mike Tortorelli winning the race with a time that would have been really competitive on the varsity level. Alex Kordas, Ryan Duffy, Matt Piper, and Jack Flaherty really showed how much their hard work has paid off by running exceptionally better than they did as freshmen.

While we had a great day and we finished top two at all levels, this is certainly just a starting point. Remember: do not compare yourself to others to determine if you are doing well or not. Our focus this year is on the process. Saturday was one day of that process of becoming Conference champs and state trophy winners. We still have a long way to go in order to become totally race sharp. Let's focus on hard work on a daily basis and we'll get to where we want to go.

NEWS AND NOTES

RUNNERS OF THE WEEK: Zach Dahleen, Elliot Hevel, Kevin O'Flaherty

Peoria Notre Dame Invitational

Saturday, Sept. 20, 2008

80, sunny, calm, humid/hot

COACH'S COMMENTS:

What a great day! Coach Tarjan and I commented on the way home that we'll be smiling about this one for weeks. We certainly went there and proved that we are a force to be reckoned with. The great thing about this weekend is that we are not even close to reaching our best yet. I said at the beginning of the year that we shouldn't concentrate on anyone else, and I still believe it. Had we lost by one point, the day would have served the exact same purpose—to have fun and get ourselves prepared for our end of the year races. That's what Palatine is about this coming weekend as well—have fun and prepare for running well at the end of the year. If we come up one point ahead or one point short, it is arbitrary. We can't help what other teams are doing; all we can do is do what's best for us and not worry about anyone else. The original outcome of the race—losing on a tiebreaker shouldn't matter as long as we knew we did everything we could. Now, if we crossed the line, found out the score and thought: "Man, I could have gotten one more guy," then that is a problem, regardless of the outcome. Don't ever forget that. Also, we should acknowledge what the coach from Lyons did—making sure that we knew about the correction. This wasn't anything that could help him or his team, yet he went out of his way to make sure we got the correct score. It is a matter of doing the right thing whether it affects you or not. This is decency and class.

Our Runners of the Week had special days: Zach Dahleen ran one of the all-time greatest performances at Detweiller Park and proved to be a contender for the state individual crown. Elliot Hevel has shown to be on a mission all year long. It is obvious that he has hunger in his eyes and is going out there and making it happen. He had an unbelievable performance and will certainly be sub 15:00 come state time. Kevin O'Flaherty was a little too aggressive early in the race, but hung on to run a spectacular performance, leading the sophomores. There is little doubt that he'll be making history on this course in years to come. Overall, it was a great day. We had a number of great performances. Jimmy Panozzo keeps proving to be a phenomenal runner, and this day was no different. Matt Piper continues to be a big part of our sophomore group. One last thing I'd like to point out: the varsity group that won was 12th here as sophomores. The only way they were able to make this gigantic leap was from outworking their opponents all year long, believing in their abilities, and having a will to turn this unrealistic dream into a reality.

TIDBITS: »Candy money is due today! » Let's do better on the bus »THANK YOU for the BBQ!!!

NEWS AND NOTES

RUNNERS OF THE WEEK: Ryan Duffy, Thomas Kohs

Palatine Invitational
Saturday, Sept. 27, 2008
82, sunny & calm

COACH'S COMMENTS:

Overall, we had a pretty rough week of racing. Palatine did not go especially well in terms of how we placed, but we must always keep our eyes on the prize. What are we trying to accomplish? We are working toward that goal at all times. For that reason, last week was a productive week. We had a second consecutive week of really good training and we continue to work on our approach to races. I am actually really glad that things turned out the way they did. The last two weeks represent everything I have been preaching about since day one this year: we do not worry about other team's progress, we do not compare ourselves, we only worry about what our goals are. We do not need a first place finish to tell us we are good. Likewise, a poor showing does not tell us we are bad. Great teams know who they are, they believe in their abilities, and always look for ways to improve.

A couple of guys this week really personified what it means to be tough and competitive. Ryan Duffy had a great race which is added to an already great season. He is one of our keys as a leader, a worker, and a runner. He is what Sandburg Cross Country is all about: the direction we are headed, not where we start. Thomas Kohs likewise had a great race, leading our open runners. He also is someone who has gone about his business and works hard day in and day out, without complaint. Ever.

One thing I know for sure: everything is contagious on this team. Once one guy makes it okay for another to miss practice because of an ache or a pain, it becomes an option for others. Once one guy starts complaining about how he feels, it opens the door for others to do the same. Conversely, when one guy is excited and optimistic, so too, is the rest of the team. This is what I am always talking about: the energy that we all bring to the team. You can bring anything you want to this team. It can be a positive or a negative.

Consider what you bring to this team...I do know that this team waits at the finish chute. That's decency. I do know that we pick each other up. That's caring. I do know that we thank others and appreciate what we have. That's class. I do know that when the chips are down, we answer the bell. That's being a champion. Let's not forget what we are made of...

TIDBITS: » Be sure to hydrate well this week. » Be aware of nutrition. You need to continually be putting carbohydrates and some protein into your bodies. Avoid greasy, high fat, or high sugar foods. You determine how you will feel on a given day by what fuel you provide your body. Avoid pop and energy drinks.

NEWS AND NOTES

RUNNERS OF THE WEEK: Matt Piper, Michael Sawyers

Lockport Invitational
Saturday, Oct. 4, 2008
Low-60's, sunny & calm

COACH'S COMMENTS:

What a great cross country day— leaves falling, lots of hills, trails, apples, and great racing. Our Runners of the Week are two guys on the F/S level. We had two races last week and it was a tough week for the younger guys. They responded well and brought home a title at Andrew and a great 2nd place finish at Lockport only two days later. I was really impressed with this group last week. I saw some guys possibly emerge as future leaders at Andrew as well, this is something I am always looking for at that meet. Matt Piper has had a great season so far, as his improvement in time indicates. He has been a huge part of the sophomore group and will continue to be for years to come. His tough racing was seen once again this week as I watched him kick kids down in both of his races. Michael Sawyers demonstrated that he has a great deal of potential if he decides to commit to the sport 100%. At Andrew he finished in the top 10 and showed everyone that he can be a guy we can rely on in the future.

I was proud of the way that we handled the competition and the difficult course. When things get tough, we need to always answer. We always expect you guys to be classy, competitive, hard working, and passionate runners. That expectation continues throughout the remainder of the season. When it comes time for us to take our conference picture, be sure that you will be able to smile with pride. Pride in all that you have done. You have a couple more weeks to make your impact. What will your story be?

TIDBITS: » We need to take our cooldowns more seriously»Be sure to hydrate well this week. It is going to be warm for this time of year.

NEWS AND NOTES

RUNNERS OF THE WEEK: Danny DeWolf, Colin Fornaris

St. Charles Invitational

Saturday, Oct. 11, 2008

Early-60, later 80, warm, calm, sunny

COACH'S COMMENTS:

Wow, it's hard to believe that we have reached the Conference week already. This serves, once again, to remind us how brief our time is and how we are obligated to take advantage of opportunities while they are in front of us. Talk to the seniors this week and you will realize how quickly your time goes by in high school. The greatest accomplishment you can have in this sport is to finish your senior year with no regrets. If you can run your final race and believe that you worked as hard as you could, never missed a day, treated others with care, decency and class, acted as a leader, contributed positively in every way possible, then you can leave with the greatest award possible: the feeling that you did the best you could with the time you had. You will be a champion. St. Charles marked the end of our invitational season. Overall, we had an okay day. I'd like to see more guys who step out and risk. The only way to accomplish something big is by risking big. We had two guys on the F/S level really step up this week: **Colin Fornaris** and **Danny DeWolf** really did a great job in scoring on our lower-level teams. The trick will be to continue to work hard and make the most of the off-season and then they will do that in years to come on the varsity level. As we run our final race(s) of the season, I ask that you make sure that you give it your best shot and run with confidence. It is an endless belief in yourself that will be your greatest asset in your final race. Going to the starting line with a doubt is essentially guaranteeing a poor performance. Believe in yourself and be bold.

TIDBITS: »

- ✓ Turn in gear next Monday. We'll do Runners of the Week, etc. and collect gear. You will not receive any awards or patches at Awards Night if you do not attend next Monday's practice. You will also be fined. This meeting is mandatory. You **MUST** bring your gear unless you are competing at Regionals.
- ✓ Everyone is expected to help out at Regionals on Sat. Oct. 25. Details to follow.
- ✓ We will be taking 10-12 total runners to the state series. Alternates will be the coaches' decision. Alternates are based on times, attitude, and probability to run state in the future. They are based on the team's best interests. We always want to look to the future and get runners experience.
- ✓ We **DO NOT** have the varsity Top Seven already decided. The current varsity hasn't raced in two weeks and anyone has a shot at making it. Don't assume that you don't have a chance to make the varsity if you haven't yet. We have a month until State.
- ✓ Congratulations to the seniors. Thank you for your hard work and commitment to the team. Savor your last moments of high school cross country. You will be missed!!

WHAT'S NEXT: Conference at Joliet on Saturday. Goals: win all levels. Run faster than last year and this year at the pre-conference meet.

NEWS AND NOTES

*RUNNERS OF THE WEEK: Jack Flaherty, Kyle Meyer, Mike Brower,

SWSC

Saturday, Oct. 18, 2008

low-60's, calm, sunny

COACH'S COMMENTS: Congratulations! Once again, we swept the SWSC on all three levels. We are currently undefeated in this conference and this is something that will take a tremendous amount of work to continue in the future. I hope at this point all of the juniors, sophomores, and freshmen realize how much work we will have to do in order to continue this winning tradition. Zach Dahleen had an unbelievable performance, becoming the SWSC champion for the second year in a row. Kevin O'Flaherty and Alex Kordas led the sophomores with a 1-2 finish and the open runners went 1-7 with Mike Brower leading the way with the victory. Captain Jack had one of the races of the day with his 5th place finish, almost 2 minutes faster than his Pre-SWSC race. If this kind of improvement can occur over the course of a season, imagine what can happen over the course of a year? Elliot Hevel and Kyle Meyer raced exceptionally well with times that place them on pace to run sub 15:00 at state. (see conversions page) Look at how great the freshmen group of Sawyers-Fornaris-Rees-Lifonti did in the open race! Those four have made tremendous improvements and can be huge factors in the years to come if they run Polar Bear, track and summer camp. They improved so much since Pre-SWSC. We learned that if we work hard, believe in what we are doing, and work through the challenges of a season we can do great things. This is the Sandburg formula. It is what makes us great every year. We do our best not because we will get a conference trophy for it, or so we can get in the newspaper, or someone can pat us on the back and say, "Wow, you are good." We do our best because we respect ourselves too much to do it any other way. Congratulations on a great season!!
SWSC All-Conference runners: K. O'Flaherty, Kordas, R. Duffy, Flaherty, Piper, DeWolf, Panozzo/ Dahleen, Hevel, Meyer, Tortorelli, McNicholas

NEWS AND NOTES

RUNNERS OF THE WEEK: *Big O. and K.O*

IHSA Regional @ Turtlehead Lake

Saturday, Oct. 25, 2008

Low-50's, very wet/muddy, windy, cold

COACH'S COMMENTS:

Congratulations on the Regional title! We had a big training block through the regional meet and still raced well. We used the regional for what we needed it to be: to work on specific parts of our race and to qualify for another week. We had some really good things happen on Saturday. **Dennis O'Flaherty** is coming off of his best workouts of his career and it is showing up in his races. With **Big Mac** out, we needed someone to step up and fill in the gap. O'Flaherty did that and then some. He finished right with **Torts** and showed that he is going to get the job done in the next two weeks. It is clear that he is advancing levels of racing right now and it appears that that is going to continue. He is putting together better and better races. Likewise, **KO** had a really nice race and finished 13th in his first varsity race. There is little doubt he is going to be huge for us in the years to come. He finished just a few seconds behind **Special K** and proved that he is a serious varsity runner, not just a great F/S runner. He beat every other team's scoring athletes—every team's fourth runner, and other than Stagg and Shepard, every team's # 1 runner! We might need him in the coming weeks.

There were a couple of things that I really liked about our races Saturday: 1. Everyone went about their business and didn't let others affect them. Initially, a runner from H-F busted out and we ignored that and focused on ourselves. Impatient runners would have went right with him. We need to remember to do this regardless of the competition. Have the courage to be patient. By now you know your races, strengths and weaknesses, so race with this in mind—run *your races* only. Always know that people are going to slow down. Run offensively, be aware of your competitors, but be *more* aware of your pace, yourself 2. We finished very strongly. Take a look at your final 800 pace. Granted it had a downhill within it, but that final 800 was pretty quick for all of you. **E.T.** ran a nice final 800 and will respond better in the next two races. Our bodies learn. **Torts** had a really nice last 800; he just needs to hang in there mid-race. The best part of his Peoria ND race came right after the mile mark. **Z** has been consistently closing in around 2:15 pace. At state he'll need to run his race, but mid race he'll have to cover moves by keeping contact enough to bring people back in during the final 800. Runners can be as much as 10 seconds ahead in the final mile, but he'll need to keep contact while running his race. **Big O** was solid in the final 800, just concentrate on the 800 after the 2-mile. It is a matter of focus and not worrying about the final stretch of the race—focus one thing at a time.

Boys—focus on **ONE** thing at a time during a race and remain offensive throughout. Break it down in a sensible way for yourself. By 800's, by thirds, by miles, whatever.

TIDBITS:

- ✓ Buca on Friday— 6:00 pm— Pope Room Baby!!!
- ✓ Sleep and wash your hands!
- ✓ Hats, pants, and a dry shirt are required at practice right now. I will be very upset if I see guys underdressed. This is one of those things that we need to cover.

Coach's thought of the week:

Opportunity is not polite—it will leave in an instant. You have opportunity right now. That is the difference between you as a person now and you as a person in two weeks.

Hidden inside each of you is untapped potential. Let's make sure it doesn't go undiscovered. Few people truly discover their greatest potentials. Let's make that discovery! What I love most about this particular team is that it believes in things with such a passion that it becomes a reality. In the next two weeks do not compromise, use your optimism that you've always shown, *feel* the hunger that has been aching inside each of you for years and *demand* of yourself your personal bests, whatever that may be.

NEWS AND NOTES
RUNNERS OF THE WEEK: *Team*

IHSA Sectional @ Reavis H.S.
Saturday, Nov. 1, 2008
Low-50's, overcast, slight breeze

COACH'S COMMENTS:

Congratulations on qualifying for the state meet. We've had a great season so far. The Sectional is always a dog fight with a lot of jostling. It is usually a race that is difficult to find a rhythm, but we stayed composed and did our jobs. Again, we had some really good things happen on Saturday. **E.T.** fell early in the race, but maintained composure and moved up to minimize the damage. That was awesome. Falling down can really drain your energy, but the best thing to do whenever we encounter a setback is to stay poised and problem solve. Everyone remember: the race is three miles. This seems like one of the most obvious statements of all-time, but in reality during a race we sometimes forget that we don't have "three miles till we're done," rather we have "three miles to accomplish the task at hand." That is a good thing. **Tortorelli** had an outstanding race and really came up huge in the final 800 meters. This shows how much damage you can do with the final few minutes of the race—you are never out of it, no matter how bad you are hurting, keep pushing and make something happen. **Torts** closed in 2:21, which was unreal. Focus on your race and give it three miles and we should be fine. Don't concern yourselves with others. **Meyer** had a really solid race as well. He opened up a little too quickly, which is good to note for the next race. 2:25 at Reavis is not 2:25 at Detweiller. There are quite obvious differences that slow the Reavis opening tremendously while quickening the Detweiller opening. Let's get through the first half mile right on—aggressive, but not too aggressive. **Big O** and **Special K** closed the deal for us. **Big O** had a monster kick, which was really key because there was a pack of 10 or so runners in his neighborhood.

There are no expectations for us this week. No one expects anything from us and if we start to worry about other teams and runners it will make our heads spin. Let's just have fun this week, run our race on Saturday, and see where we land. If we run our races and give it everything we have, then that will be good enough. We should be all ready to go—the week after a recovery week should make us click—this has been our training pattern the entire season. We just have to be ourselves—we don't have to run any better than we've already run. It will be a great week and a great race.

TIDBITS:

- ✓ Weekend Itinerary forthcoming
- ✓ Sleep and wash your hands!
- ✓ Hats, pants, practice jacket, and a dry shirt are required at practice right now.

Split 1-5: 1:20. Again, not a bad split considering we are splitting off of #1. O'Flaherty and Koutavas will be under 16:00 this week. Big Mac will also mix it up to help us lower this split.

Thought of the Week: Let's not go Chipotle style, let's mix it up, baby.

NEWS AND NOTES
RUNNERS OF THE WEEK: TEAM

IHSA State Meet
Saturday, Nov. 8, 2008
High 30's, cold, windy, good footing

COACH'S COMMENTS:

Congratulations on a great season and a great effort on Saturday. I know we didn't end up where we wanted to be, but all we can ever do is give it our best shot. Unfortunately, a combination of Big Mac's injury and Elliot struggling in the last mile was too much to overcome. Our split grew way too large to compete in a tight state meet. Congratulations to Zach Dahleen for becoming the highest finishing Sandburg runner other than Tom Graves. His 14:33 ranks third all-time on a less-than-ideal day to run. Kyle Meyer and Torts also came really close to a PR on Saturday. I am really proud of everyone. There were many times throughout the season and the past few years when you were faced with huge setbacks and obstacles, yet you always kept fighting and working. It says so much about who you are as people that you were able to even reach the state meet. I hope that you look back on your time as Sandburg cross country runners with pride as well. Examine your own experience and learn from it, grow, and continue to approach things in the future as you did this season. Be proud of a great season.

TIDBITS:

- ✓ Thanks to the alternates for helping out so much— we could not have done it without you
- ✓ Turn in gear
- ✓ Take some time off, start running in two-three weeks, and start light.
