

## Mike Choffin's reflection on his 9:38.0 2-mile race

It was May 21, 1977. It was at the districts track meet (now called sectionals) at Rich Central. I'm sure it was hand timed and good enough for 4th place (found the medal). Can't verify the time, but I have it scribbled down on some loose leaf paper I use to keep my performances on. The Chicago Tribune only shows the state qualifiers. The only thing I remember was wanting to run the mile, but when you have Hicks and Graves in front of you (1st and 2nd) you take what you can get.
